Examples of information which could be inside information include:

For example, it has been released to the ASX or published in an annual report or Prospectus; or
- c) Consists of deductions, conclusions or inferences made or drawn from information referred to above

4. Restrictions for SHAPE Personnel

4.1 No Margin Lending

SHAPE Personnel are not permitted to enter into margin lending arrangements in relation to the Securities as the terms may require the Securities be sold when the Personnel possesses inside information.

4.2 No short term or speculative trading

SHAPE encourages all Personnel to adopt a long-term attitude to their investment in SHAPE. Consequently, they may not engage in short-term trading (that is, trading in and out of Securities over a period of 3 months or less) or speculative trading in the Securities. The Board may, at its discretion, exclude the disposal by employees of Securities received under SHAPE's employee incentive schemes from this restriction on short-term trading.

Additionally, SHAPE Personnel should not engage in short selling of the Securities.

4.3 Securities of other Companies

SHAPE Personnel are prohibited from dealing in the Securities of outside companies, about which they may gain inside information by virtue of their position within SHAPE.

4.4 Prohibition on hedging

SHAPE Personnel must not engage in hedging arrangements, deal in derivatives or enter into other arrangements which limit the economic risk related to the Securities. For the purposes of this Securities Trading Policy, this prohibition applies to any contracts for difference and other contracts intended to secure a profit or avoid a loss based on fluctuations in the price of the Company's Securities.

5. Further restrictions on Designated Personnel

5.1 Prohibited Trading Periods

Designated Personnel must not Trade in Securities during the following Prohibited Periods:

- (a) From 30 June until commencement of the trading day immediately after the release of the full year results
- (b) From 31 December until commencement of the trading day immediately after the release of the half yearly results

However, even if a Prohibited Period is not operating, Designated Personnel must not Trade in Securities at that time if they are in possession of inside information.

5.2 **Exceptional circumstances exception**

SHAPE may, in exceptional circumstances, provide written approval to a Designated Person seeking to trade in the Securities during a Prohibited Period. No exceptional circumstances approval will be provided during the Prohibited Trading Periods set out in section 5.1 of this policy.

A request for approval must be submitted to the relevant officer (being the Chairperson of the Board or, in the case of an application from the Chairperson, the Chair of the Audit and Risk Committee) in writing and must provide evidence that each of the following requirements is satisfied:

- a) The person is experiencing severe financial hardship or other exceptional circumstances
- b) After investigating all reasonable alternatives, the sale of the Securities is the only practical way of addressing the exceptional circumstances; and
- c) The person does not possess any inside information.

If the Relevant Officer has any doubt in making a determination of exceptional circumstances, they should exercise the discretion with caution.

If approval is granted in writing in accordance with this clause, the Designated Person must complete the dealing within 7 days of receiving such approval, or such earlier time as determined. Confirmation of the approved trading must be given to the Company Secretary when the approved trading has been completed.

5.3 **Limiting risk**

Designated Personnel are prohibited from dealing in any financial products issued or created over the Securities by third parties or dealing in associated products. In addition, Designated Personnel may not enter into a transaction that operates to limit the economic risk of their security holding in SHAPE.

5.4 **Blacklisted securities**

From time to time, SHAPE may be engaged in certain activities where inside information in relation to Securities of another entity may be available to a Designated Person as a result of their role or position within SHAPE. SHAPE wishes to minimise the risk that such persons might be perceived to be engaged in inappropriate dealings, and therefore SHAPE may blacklist certain Securities in relation to particular persons.

Where the Board or the Chairperson of the Board notifies a Designated Person in writing that they are subject to a blacklist in relation to the Securities of a particular entity (**Blacklisted Securities**), that person must not deal in the Blacklisted Securities from the time period specified in the notice, unless they first comply with the notification requirements set out in section 6 below (as if the Blacklisted Securities were the Securities), and then always subject to the law.

6. Process for trading for Designated Personnel

6.1 **Notification of proposed trade in the Securities**

Where a Designated Person, who believes that trading is permitted under this Policy proposes to deal in the Securities, they must first provide:

- a) Written notice of their intention to trade to the Relevant Officer (being the Chairperson of the Board or, in the case of an application from the Chairperson, the Chair of the Audit and Risk Committee) and the Company Secretary; and
- b) Confirmation that they are not in possession of any inside information

No dealing may be undertaken before the Designated Person receives written clearance from the Relevant Officer. If the Designated Person receives written clearance for their proposed dealing, that dealing must be completed within 7 days from the date of the clearance, unless it specifies otherwise.

6.2 Confirmation of trading

In addition to providing prior notice under section 6.1, Designated Personnel must confirm in writing to the Company Secretary, within 3 days of the dealing in the Securities occurring, the number of the Securities affected and the relevant parties to the dealing.
